SPECIAL NOTICE

This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

ALL PRICES ARE SUBJECT TO MARKET CHANGES

Terms and Conditions

TELEGRAPHIC INQUIRIES

If you fail to receive telegraphic reply to a telegraphic inquiry, it means that we CANNOT supply goods wanted. Our rule, in such cases, is to immediately acknowledge your wire by MAIL.

SHIPMENTS

PLEASE state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests, without assuming responsibility.

TRANSPORTATION RISKS

While we use every means at our command to secure prompt delivery, **WE ARE NOT LIABLE FOR DELAYS IN TRANSIT; OUR RESPONSIBILITY ENDS UPON DELIVERY IN GOOD ORDER TO CARRIER.** Remedy for loss must lie between the buyer and the carrier, but we will gladly render all the aid we can.

TERMS — NURSERY STOCK

1. Cash with order **AND ALWAYS ADD 10% for PACKING CHARGES.** No more free packing.
2. To customers with known or approved credit rating, Net 30 days, 2% 10 days.
3. C.O.D. Orders must be accompanied by at least 25%.
4. **All Boxes and Bales Are Extra At Cost.**

TERMS — SUPPLIES (Always NET)

1. Cash with Order or C.O.D.
2. Net Cash 10 Days to known or approved credit rating.
3. **No Cash Discount on Supplies**—and no packing charges.

PRICES

This List is intended for the **TRADE** and should be found only in the hands of people who buy our products for resale at a profit.

We price 'Per Each,' 'Per 10,' and 'Per 100.' To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade.

Orders for less than ten of a variety or grade, will be invoiced at an **ADVANCE of 50% OVER THE TEN RATE, REGARDLESS OF THE SIZE OF THE ORDER,** except in Conifers and Broadleaved Evergreens where the 'Each' and 'Per 10' rates apply.

Prices do not include packing charges. For cost of bales and boxes see Page 3.

All Prices Are Subject To Market Changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is, "WHEN IN DOUBT, PUT IT IN THE LOWER GRADE." Detailed information as to method of grading Hedge Plants and Roses is given under such heads.

CLAIMS

All claims must be made immediately after receipt of stock.

LIABILITY and NON-WARRANTY

All quotations are for immediate acceptance and subject to stock being sold. All bookings are without liability to us should injury befall stock from frost, hail, fire, or other causes beyond our control, and subject to the standard form Non-Warranty Clause which reads: "We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds or bulbs we sell."

COMBINATION CARLOAD SHIPMENTS

When possible we combine shipments into carloads for distribution at Chicago, Cincinnati, Rochester and St. Louis, often to other points, giving you benefit of c/l freight rate (plus the handling charge billed us by transfer companies) and quick through refrigerator car service.

PACKING CHARGES

We use bone-dry, high grade boxing lumber that is light and strong, and makes a good looking package.

Schedule of Box and Bale Charges

	6 to 7½ ft.
30 x 30	\$5.00
24 x 30	4.50
24 x 24	4.00
18 x 24	3.50
18 x 18	3.00
15 x 15	2.50
12 x 12	2.25

Longer or shorter boxes will be charged in proportion to above schedule.

Bales: 25c to \$2.50, according to size.

There is no packing charge on bulk car or truck loads.

REFERENCES

As to our standing and responsibility we refer to any bank or business house in Huntsville, Alabama, the Commercial Agencies, and the leading nurserymen of the United States.

Deciduous Shrubs and Trees

In listing plant material we follow **Standardized Plant Names** as far as practical.

We price Per 10 and Per 100. To obtain the lowest published price on naked-root deciduous stock, your order must cover at least fifty plants, and not less than 10 of a variety or grade. Orders for less than 10 of a variety or grade will be invoiced at an **advance of 50% over the 10 rate regardless of the size of the order.**

Please state your preference of second and third choice in case we can not supply the exact variety or grade you require.

NOTE: The figures shown following the description of each variety indicate approximate height at maturity.

MISSOURI, May 21, 1945: "Your standard is sure dragging in the dust. Due to conditions — everybody's stuff (with one or two exceptions) was only about 75 per cent up to grade — but you draw the "Booby Prize" and we have always held your stock up as the nearest to perfection." (We print this one just to show that all is not happy and gay.—HBC)

NEW YORK, July 16, 1945: "The red dogwoods which we received from you last Winter have done exceptionally well, we got 100 per cent stand and they are all making normal growth. This also applies to the large plants of *Abelia grandiflora* which you sent us."

MISSISSIPPI, April 16, 1945: "I received the plants this afternoon and they seemed to be in as good shape as could be expected this late in the season. Got them planted and are getting a good rain on them."

IOWA, Jan. 22, 1945: "If the grades are up to the usual brand of Chase's grading, then we feel that by regrading the 12-18" we will perhaps get a few that will muster up to 18" and make some 18-24".

KANSAS, April 11, 1945: "The stock looks good. Will not know how the Magnolias balled in moss will come out until later, but I believe they will be O. K. Check enclosed \$299.92."

ILLINOIS, Jan. 10, 1945: "The Magnolias we had from you last year were very nice, they sold well and as near as we know they all lived."

MISSISSIPPI, Jan. 20, 1945: "The Evergreens arrived in splendid condition though they were on the road more than a week."

ILLINOIS, July 1, 1945: "My Experience with your liners, Irish Junipers and other liners, has been 100 per cent stand over a period of about 12 years, all varieties."

Broadleaved Evergreens

We specify "BB" (Balled-and-Burlapped) where we think this method of handling necessary, and have priced accordingly. Those customers who are willing to assume the risk of handling such items with roots carefully puddled (NR) may deduct from the listed price according to schedule shown below, and such items as we have not specified "BB" will be dug, balled-and-burlapped by adding the amount as per schedule below.

Plants handled "NR" will have every care to protect them from drying out. Roots are carefully puddled in mud as dug, and we use damp sphagnum moss for packing material, shipping the plants in ventilated cases.

Please always specify 'BB' or 'NR' when ordering.

NEW YORK, Mar. 7, 1945: "It is all unloaded and we are glad to be able to tell you that the car came through in fine shape. While we were fortunate in that it didn't run into any severe weather, yet you had that car well protected and well packed. Thanks very much for taking such good care of it."

LOUISIANA, May 4, 1945: "If you have some more of this good stock next season will be glad to get it. I have plenty of good land in my nursery, 200 acres purchased by my Dad in 1868. Thank you for this good stock shipped to me."

OREGON, Mar. 6, 1945: "The roses and flowering dogwood trees finally arrived February 25. They arrived in good condition and we unpacked them immediately."

FLORDIA, April 24, 1945: "Those seconds I bought from you average up good, they came through with nothing burned. Just starting to warm up, packed very good. Thanks."

TENNESSEE, March 17, 1945: "The plants arrived promptly and were fine in every way."

Lining Out Stock

Every item listed below is field-grown from cuttings or from seedlings transplanted. Exceptions are marked 'S', meaning 'Seedlings' from beds; 'P' meaning Pot-grown. Pot stock will be shifted to paper pots of the size indicated for shipment unless we are instructed to shake out.

Culls are as rigidly excluded from our Liners as they are from our Finished Stock. Refer to Finished Stock for full descriptions.

Additional items will appear in our SPRING SURPLUS BULLETIN.

IDAHO, Feb. 33, 1945: "The 1700 liners of Thuja Compacta, Berckman's and Elegantissima bought last Spring have worked out fine. Losses have been about 2 per cent, which is very low. That block will be worth some real money in a couple of years."

NEW JERSEY, April 16, 1945: "To save a few cents here and there we purchased rather large quantities from other growers but we never feel as well satisfied as when we have stock coming from you."

MISSOURI, December 6, 1944: "The stock is fine and came in good condition."

CONIFEROUS EVERGREENS

All of these Conifers are grown from cuttings, and transplanted in the field at least twice, except those marked 'Pots,' meaning grown in pots of the size specified. These field-grown plants, much stronger than bed or frame-grown stock, will be puddled in mud as dug, and the roots carefully packed in sphagnum moss. Potted stock will be shipped in paper pots of the size specified unless we are instructed to shake out.

57-X. TREE COUNTER—Improved:

The mechanical Tree Counter was originated by Robert Chase. This new "Feathertouch" Denominator is made of metal throughout except the plastic composition key tops. Attractively finished in tobacco brown color. The wheels are driven by gears equipped with special locking device which prevents inaccuracy. The indicating wheels contain large bold figures easily and quickly read. As the operator passes down the row he presses key indicating grade of tree. When through with a variety the dial shows total number of each grade in block. Complete with belt attachment—just swing it around your waist. Each unit counts to 1,000. One revolution of the Reset Knob returns ALL units to Zero.

76. TREE PAINT—"Treesaver":

(Cut not available for this catalogue.)

We now carry two types of Tree Paint. This "Tree-saver" is a thin liquid paint primarily for use in painting trees in the nursery row to prevent rabbit damage—apple trees, flowering crabs, etc. Discourages borers in dogwoods.

76-A. TREE PAINT—"43 For the Tree":

This is designed primarily for use in painting stubs and surfaces after pruning, or for painting cavities before filling. It is used very successfully by many tree surgeons and landscape gardeners. A can of it should be in the kit of every home owner who uses pruning saws and shears. It is most healing in its effect. Comes in either PLASTIC or LIQUID form.

LIQUID FORM is a heavy liquid that forms an airtight coating, and should be applied on all pruned surfaces where the limb is ½-inch in diameter or larger. The medicinal oils penetrate into all parts of the cut or wound. The acids and disinfectant odors will drive away worms.

PLASTIC FORM is used in filling small cavities, cracks, crotches, etc.

Prices are the same on both LIQUID and PLASTIC.
